Pacifica Arrests

HOUSTON, Tex.—Three men were arraigned on charges of conspiring to blow up three Pacifica Foundation-owned radio stations in California.

The three were identified as Jimmy Dale Hutto, 24, a chemical worker; Russell A. Rector Jr., 19, unemployed; and Ronford Lee Styron, 20, an electrician's helper. All three live in Pasadena, a Houston suburb.

Bond of $100,000 was set for Hutto and the other two were released on personal recognizance bonds.

The three were arrested in a car west of Houston Friday night and an FBI spokesman said the three would be questioned in connection with two bombings of Houston station KPFT-FM, owned by the Pacifica Foundation.

The FBI said the arrests came after officers received information the three were en route to California to bomb Pacifica stations in Berkeley, Los Angeles and San Francisco.
